

Tara Lynn Keepsakes & More specializes in creating a unique line of meaningful keepsakes featuring beads created with flower petals. The petals are collected from flowers within floral sprays of a lost loved one's funeral or special life events such as a wedding or anniversary. When you receive your completed keepsake I hope you and your family are comforted by the fond memories of the person or event from which the flowers came.

SPECIAL NOTES

My goal is to provide you with beautiful, quality keepsakes at an affordable price.

Orders typically take 4-8 weeks to complete.

Your bead color does not have to be the flower color, you can choose any color!

Flowers, ashes or a small amount of fur/hair from a pet can be used to create a keepsake.

Avoid exposure to water and chemicals to ensure longevity of your keepsakes and handle with care.
